

SYNTHETIC EXAMPLE · NOT A REAL PERSON OR VERIFICATION

IDENTITY VERIFIED

SAMPLE

Marisol Ortega-Vance

PURPOSE OF VERIFICATION

Confirm identity before starting a home improvement project.

IDENTITY SUMMARY

Document type	Driver's license
Issuing country	United States
Identity verified	2026-10-11 · 14:17:00 UTC

TRANSACTION DETAILS

Record reference	TVR-SYNTHETIC-SAMPLE
Requester	requester@example.invalid
Recipient	recipient@example.invalid
Recipient signed	2026-10-11 · 14:19:57 UTC
Record completed	2026-10-11 · 14:20:00 UTC

SCOPE & INTEGRITY

This record does not guarantee intentions, transaction safety or legal enforceability. ID copies are retained in this private PDF. No separate face-match finding is asserted.

Truvee stores a SHA-256 hash of the final file for integrity checking. This is not a certificate-backed digital signature. User-supplied attachments, when present, follow in full.

SYNTHETIC EXAMPLE · NOT A REAL PERSON OR VERIFICATION

RECIPIENT REVIEW & ACKNOWLEDGMENT

A record of what the recipient reviewed and signed.

The following purpose, agreement and acknowledgment were captured together with the recipient's signature. The requester did not sign this record.

PURPOSE

Confirm identity before starting a home improvement project.

AGREEMENT SHOWN AT SIGNING

I acknowledge that this record documents my identity verification for the purpose stated above.

RECIPIENT ACKNOWLEDGMENT

I have reviewed the purpose, any agreement and attachments shown above. By signing, I acknowledge this verification record and apply my electronic signature to this acknowledgment. Only the recipient signs this record; the requester has not signed. Identity verification does not guarantee another person's intentions or the outcome of a transaction. Government-ID front and back where applicable will be included in the completed private PDF. Truvee retains this PDF, including the ID copies and any personal details visible on them. The authorized requester and recipient can access and download it; downloaded copies may be retained by them. I consent to this inclusion and sharing.

RECIPIENT SIGNATURE

A stylized, hand-drawn electronic signature in black ink, consisting of a series of connected loops and lines.

Method: Drawn electronic signature

Acknowledged: 2026-10-11 · 14:19:57 UTC
